## FINDINGS

1. The Applicant requested approval of a conditional use permit to authorize the use of the four bedroom residence located at 205 Afterglow Drive, San Juan Island as a vacation rental.<sup>1</sup> The parcel is developed with a single-family residence and a garage and is densely vegetated. Located in the Roche Harbor Heights subdivision, the parcel looks out at Roche Harbor but does not have shoreline access. *Exhibits 1, 2, and 4; Hume Testimony.*
2. The subject property has a Rural Residential land use designation. To the east and west, the parcel abuts residential development. To the south, it abuts the Roche Harbor Resort, considered a recreational land use. There is undeveloped forest land to the north. The subject property is not located near an airfield or airport. *Exhibit 1.*
3. The subject property has existing access from Afterglow Drive, a public road, which connects with Roche Harbor Road approximately 0.2 miles east of the site. No changes to the existing site access are proposed or required. *Exhibits 1 and 2.*
4. The existing residence is served by community water and sewage systems. *Exhibit 1.*
5. Planning Staff submitted that because the subject property is an existing developed site, the proposal is consistent with San Juan County Code (SJCC) Chapter 18.60. *Thompson Testimony; Exhibit 1.*
6. The proposal would allow up to three persons at a time to rent the four bedroom residence, for a maximum of 12 guests at once. The parcel has off-street parking for at least three vehicles on the driveway and one on an adjacent paved pad. Guests would not have access to the garage. No outdoor advertising signs or food service are proposed. *Exhibit 1; Hume Testimony.*
7. Planning Staff noted that noise and trespassing impacts could be expected to mimic those associated with traditional residential use of the site, and that the potential for disturbance to surrounding properties from temporary occupants could be mitigated by the following measures: restricting the number of vacation rental occupants to three per bedroom; requiring rules of conduct to be posted that specifically prohibit trespass; identification of property lines; providing neighbors with a 24-hour contact phone number; and requiring the contact to keep a written log of complaints. Staff recommended conditions implementing the above measures. *Exhibit 1; Thompson Testimony.*
8. The Applicant provided a standard rental terms and conditions document addressing penalties for violation of occupancy limitations, property use & responsibility, pets,

smoking (prohibited), and structural and environmental cautions among others.<sup>2</sup> *Exhibit 6*.

9. The Applicant would be required to obtain a business license or work through a property management company. *Exhibit 1*.
10. The application was submitted June 9, 2015 and determined to be complete on the same date. Notice of the application was posted on-site, mailed to surrounding property owners, and published on July 1, 2015. The County did not receive comments on the proposal. *Exhibits 1 and 2; Thompson Testimony*.
11. Upon review of the complete application materials, Planning Staff determined that the proposal can comply with all applicable criteria and recommended approval with conditions. *Thompson Testimony; Exhibit 1*. The Applicant waived objection to the recommended conditions. *Hume Testimony*.

## CONCLUSIONS

### Jurisdiction

The Hearing Examiner is granted jurisdiction to hear and decide applications for conditional use permit pursuant to Chapter 36.70.970 of the Revised Code of Washington and Chapters 2.22 and 18.80 of the San Juan County Code.

### Criteria for Review

#### *Conditional Use Permit*

Pursuant to SJCC 18.80.100.D, a conditional use permit shall be granted by the County only if the following criteria are met:

1. The proposed use will not be contrary to the intent or purposes and regulations of this code or the Comprehensive Plan;
2. The proposal is appropriate in design, character and appearance with the goals and policies for the land use designation in which the proposed use is located;
3. The proposed use will not cause significant adverse impacts on the human or natural environments that cannot be mitigated by conditions of approval;
4. The cumulative impact of additional requests for like actions (the total of the conditional uses over time or space) will not produce significant adverse effects to the environment that cannot be mitigated by conditions of approval;
5. The proposal will be served by adequate facilities including access, fire protection, water, stormwater control, and sewage disposal facilities;

---

<sup>2</sup> The Examiner notes that these terms and conditions, while informative, do not address the requirements of the County for a specific limit to 12 guests, identification of property lines, a 24-hour contact number, or other listed in the County conditions. *Exhibit 6*.

6. The location, size, and height of buildings, structures, walls and fences, and screening vegetation associated with the proposed use shall not unreasonably interfere with allowable development or use of neighboring properties;
7. The pedestrian and vehicular traffic associated with the conditional use will not be hazardous to existing and anticipated traffic in the neighborhood;
8. The proposal complies with the performance standards set forth in Chapter 18.40 SJCC;
9. The proposal does not include any use or activity that would result in the siting of an incompatible use adjacent to an airport or airfield (RCW 36.70.547); and
10. The proposal conforms to the development standards in Chapter 18.60 SJCC.

#### *Vacation Rentals*

Pursuant to SJCC 18.40.270, the following standards apply to all vacation rentals of single-family residential units and accessory dwelling units or portions thereof:

- A. No more than three guests per bedroom shall be accommodated at any one time.
- B. The vacation rental of a principal residence or accessory dwelling unit shall be operated in a way that will prevent unreasonable disturbances to area residents.
- C. At least one additional off-street parking space shall be provided for the vacation rental use in addition to the parking required for the residence or accessory dwelling unit.
- D. If any food service is to be provided the requirements for a bed and breakfast residence must be met.
- E. No outdoor advertising signs are allowed.
- F. The owner or a long-term lessee may rent either the principal residence or the accessory dwelling unit on a short-term basis (vacation rental), but not both.
- G. Where there are both a principal residence and an accessory dwelling unit, the owner or long-term lessee must reside on the premises, or one of the living units must remain unrented.
- H. In all activity center land use districts, rural residential, and conservancy land use districts, the vacation rental of a residence or accessory dwelling unit may be allowed by provisional ("Prov") permit only if the owner or lessee demonstrates that the residence or accessory dwelling unit in question was used for vacation rental on or before June 1, 1997. When internal land use district boundaries are adopted for an activity center, this provision will apply to VR and HR districts but not to the activity center in general.
- I. Vacation rental accommodations must meet all local and state regulations, including those pertaining to business licenses and taxes.
- J. Owners of vacation rentals must file with the administrator a 24-hour contact phone number.
- K. The owner or lessee of the vacation rental shall provide notice to the tenants regarding rules of conduct and their responsibility not to trespass on private property or to create

disturbances. If there is an easement that provides access to the shoreline, this shall be indicated on a map or the easement shall be marked; if there is no access, this shall be indicated together with a warning not to trespass.

- L. Detached accessory dwelling units established under SJCC 18.40.240 cannot be separately leased or rented for less than 30 days.

### **Conclusions Based on Findings**

1. As conditioned, the proposed vacation rental would be consistent with applicable provisions of the SJCC and the Comprehensive Plan. The use would occupy an existing residence without altering the appearance of the structure. Conditions would ensure that even when rented it continues to function like a residence; the residential character of the neighborhood would be unaffected. No adverse cumulative environmental impacts are suggested by the record in the event of additional vacation rental request approvals. The proposal meets or can be conditioned to meet the applicable standards of sections 18.40 and 18.60 of the SJCC, ensuring there are adequate public services and facilities to serve the proposal. Potential adverse impacts of the vacation rental on neighboring properties would be mitigated by conditions requiring rules of conduct prohibiting trespass, clear presentation of property boundaries to renters, and a 24-hour contact for neighbor complaints (among other requirements). Pedestrian and vehicular traffic would be consistent with that expected of a typical residence. There is no airfield adjacent to this property. *Findings 1, 3, 4, 5, 10, and 11.*
2. Regarding the use-specific requirements of SJCC 18.40.270, conditions of approval would limit rental occupancy to twelve people. The site is currently served by community water and sewage connections. Potential noise, trespass, and parking impacts to surrounding parcels would be mitigated through conditions requiring posted rules of conduct, identification of property boundaries, provision of a 24 hour contact phone number, and the requirement for the contact to maintain a log of complaints. The rules of conduct would specifically be required to prohibit trespass. The site would provide four off-street parking spaces. No outdoor advertising, food service, or accessory dwelling unit are proposed. Conditions would ensure that the Applicant obtains a business license or works through a property management company. *Findings 1, 3, 4, 6, 7, 9, 10, and 11.*

### **DECISION**

Based on the preceding findings and conclusions, the request for conditional use permit to authorize the use of the four-bedroom residence at 205 Afterglow Drive, San Juan Island as a vacation rental is **APPROVED** subject to the following conditions:

1. The four bedroom vacation rental shall be operated as described in the application materials except as modified by these conditions.
2. The residence may be rented as a single unit on a short term basis for periods less than 30 days. A maximum of twelve guests shall occupy the vacation rental at any one time.

3. Prior to operation, evidence shall be presented to the Department of Community Development that the driveway has been approved for emergency vehicle access.
4. The vacation rental shall be operated in a way that prevents unreasonable disturbances to area residents. To this end, the Applicant shall:
  - A. Provide copies of this decision to property owners within 300 feet of the subject property, along with a 24 hour local contact phone number, so that complaints can be dealt with in a timely manner. A log of complaints shall be kept by the contact.
  - B. Prominently mark the boundaries of the subject property so that it is clearly evident to guests where those boundaries are.
  - C. Provide notice to the tenants regarding rules of conduct and their responsibility not to trespass on private property or create disturbances. If there is an easement that provides access to the shoreline, this shall be indicated on a map or the easement shall be marked; if there is no access, this shall be indicated together with the warning not to trespass.
  - D. Provide copies to the Department of Community Development of the rules of conduct and the 24 hour local contact phone number.
5. No food service is to be provided. No outdoor advertising signs are allowed. Adequate off-street parking must be maintained on-site for the life of the vacation rental use, which in this case is four parking spaces.
6. The rental must meet all local and state regulations, including those pertaining to business licenses and taxes.
7. No use of the property shall be made that produces unreasonable vibration, noise, dust, smoke, odor, or electrical interference to the detriment of adjoining properties.
8. Written rules of conduct, to be distributed to all renters, shall be submitted to Department of Community Development before rentals commence. These rules shall also be sent to all property owners within 300 feet of the property boundaries.
9. Since the County is not a party to private covenants, it is not in a position to enforce private covenants between property owners that may prohibit use of a residence as a vacation rental. However, issuance of a permit for a vacation rental does not license the owner to violate private restrictions.
10. If the conditions of approval are not complied with, the resulting impacts may change a typical residential area to one with frequent incidents of trespass, noise, and traffic from strangers who have no investment in maintaining civil relations with neighbors. For this

reason, it is emphasized that failure to comply with conditions of approval is grounds for revocation of this permit.

11. Upon determination by the Director of the Department of Community Development that any condition listed above has been violated, following issuance of a Notice of Violation, the Director may, in addition to his other code enforcement remedies, revoke the conditional use permit.
