Citizen Access Time – and the following spoke:

Jennifer Barcelos, Staff Attorney for Friends of the San Juans

The Planning Commission Chair, Tim Blanchard, had a comment representing some Orcas constituents and himself regarding a Public Works project north of McNally Road. The comment had to do with what seemed to be a misrepresentation of the work to be done in that area as opposed

to what the Public Works department had presented, and that the work seemed to be inconsistent with the Scenic Roads Manual.

SJC Comprehensive Plan Update, Draft Economic Development Element (EDE) Briefing – William Appel, Economic Development Council (EDC)

Bill Appel, EDC board member, updated the Planning Commission on the latest draft Economic Development Element submitted and responded to questions and comments. Linda Kuller, DCD Planning Manager, addressed the EDE process going forward and the ability to comment will remain open for another week. The EDC will attempt to bring another draft for review to the Planning Commission at their July meeting.

Fairgrounds Master Plan Update Briefing – Dona Wuthnow, SJC Parks and Fair Director

Dona Wuthnow, Director of the San Juan County Parks and Fair department, asked the Planning Commission if they had any questions or comments on this latest draft of the fairgrounds master plan. The Planning Commission overall approved of the plan but also thought it would be a good idea to set up the plan as an agenda item for comments, both Planning Commission and public, and recommendations. Dona further responded to questions and comments.

2019 Docket of Proposed Text Amendments to the Comprehensive Plan and Unified Development Code (UDC) Briefing – Adam Zack, Planner III

Adam Zack, Planner III, gave a presentation on the background of the docket process, the requests that have been submitted, and how they may or may not be incorporated going forward. Adam responded to questions and comments from the Planning Commission. The Planning Commission Chair, Tim Blanchard, had a comment representing some Orcas constituents and himself regarding a Public Works project north of McNally Road. The comment had to do with what seemed to be a misrepresentation of the work to be done in that area as opposed to what the Public Works department had presented, and that the work seemed to be inconsistent with the Scenic Roads Manual. The docket items will be coming forward for hearing with the Planning Commission on May 17, 2019.
