Subject: Re: Vacation Rental Code Amendment Update

Erika,

Feels like this is being railroaded down the path without input from those affected by the new proposed code. For example, several people have been running this type of business for years, very successfully and paying for their permit, paying their taxes. I feel like we are being punished for following the current code. Why not just enforce what you have??

Tourism is a big source of revenue for the islands. I hope this commission and council is open to amending some of these proposed codes.

Sincerely,

Vicki Leimback

Hello,

Thank you for taking the time to comment or show interest in the proposed amendments to the San Juan County vacation rental requirements. All related documents and all comments are posted on the project webpage at <http://sanjuanco.com/1300/Vacation-Rental-Code-Amendment>. The most recent Planning Commission packet for the meeting this upcoming Friday has also been posted on the webpage. The hearing is this Friday, April 21, 2017 at or after 8:45 am in the Legislative Hearing Room located at 55 Second Street.
