Subject: Vacation Rentals San Juan County Ordinance

Dear Members of the Planning Commission:

There is an important opportunity that is being overlooked with this vacation rental ordinance. The Commission should endorse an impact fee that would support affordable housing for seasonal workers. If the ordinance addressed this issue it would show leadership and the County would be helping our businesses and workers. The County Council in Resolution #13-2017 supported the San Juan County Affordable Housing Workgroup Strategic Action Plan which called for an impact fee to assist affordable housing.

Thank you for your time and consideration.
