Subject: Proposed Amendments to the SMP

Hello and thank you for your service.

I stand with the Friends of the San Juans in their request that you:

1. Require mitigations to occur within the same watershed as the impact on all County islands where development could occur;
2. Thoroughly comply with the required changes to the criteria for new or expanded soft shoreline armoring and the definition of soft shoreline armoring;and
3. Require an annual evaluation of shoreline developments' cumulative impacts on shoreline conditions, and a process to make corrections as needed, to ensure No Net Loss of the ecological functions that support forage fish, Chinook salmon, and Southern Resident Killer Whales.

We have the power to make a difference in San Juan County—let's not miss this chance. Soon, it may be too late for the salmon and the orcas who depend on us.

Many thanks,

Gretchen Mueller
