Hi,

I spoke on the phone with a woman in your department yesterday whose name I thought was Saitch V. but I must've written it down wrong because my email bounced back. If you could please help me out by forwarding on these resources to her I would appreciate it. She was asking me about our proposed code updates for farm worker housing.

Here is a link to our draft housing code (farm worker housing starts on page 28):

Here is a link to our benchmark study we did for farm worker housing:

Here is a link to our recently updated winery/cidery/distillery/brewery code and event code (this is a very long code section, so you will have to scroll down to items DD. And EE.):
