Subject: Vacation rental moratorium

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

I support the moratorium for three reasons.

1. Granting a permanent vested change in land use is improper in rural areas.
2. Any parcel that is presently non-conforming should not be allowed to expand or change use without being a conforming parcel.
3. A revocable license system and cap on numbers may be an alternative to the present system.

Thank you
