Hello,

Please find attached a memo that points out a small correction concerning the DCD memo on ARC Land Use Section recommendation. One policy was changed and that was not reflected in the notation. I did not catch it until right now, so had carried it forward in our last memo.

Thank you,  
Faith

**Date:** 2/18/21

**Subject:** Correction and clarification of ARC position

**Purpose:**

The 2/5/2021 Department of Community Development comments to the Planning Commission on the ARC's recommendation for the addition of Section 2.2.N Agriculture to the Land Use Element of the Comprehensive Plan Policy number 14 is different from the original ARC recommendation submitted 10/9/2019 and 1/12/21. This change was not reflected in the notation.

The original recommendation and the recommendation that the ARC continues to recommend is:

*Allow year round and seasonal housing for agricultural workers, including tiny homes, bunkhouses and other low cost and low impact solutions.*

The policy as written in the DCD memo and erroneously in the 2/16/21 ARC memo:  
*Allow flexible options for housing seasonal and year-round agricultural workers.*

I apologize for this late comment. I just now noticed the mistake.

Sincerely,

Faith Van De Putte,  
ARC coordinator
