Dear Mr. & Mrs. Callegari,

Thank you for adding your voices to the conversation. It is my hope this pause in issuing permits will result in regulations everyone can live with. I am forwarding your letter to the Clerk to the County Council for inclusion in public comment on this matter.

Kind regards,

Cindy Wolf

Robert Callegari  
San Juan Island

We have been renting our guest house for many years without any complaints. San Juan Property management and their quality control of vetting clients, maintaining all aspects of maintenance care of the property, with inspections before and after occupancy.

During the years we have assisted members of our neighbors with over flow of family members, at no charge that's what a good neighbor will do for one another. In years past, we've tried long time renting with many negative issues damage more than normal, unwanted guests, more noise than normal, excess of vehicles, plus other issues.

In this sense we notice over the years of more tranquility, thanks to the excellent management of SJP management.

It is my hope that the County of San Juan, will protect our current status of their comment they made to us many years ago and those ordinances that are in place.

Robert & Anita Callegari
