Greetings,

We want to support the staff recommendation of non-expansion of the UGA.

We agree with the EPRC in their recommendation of non support as well, but feel that this issue is more complicated than just making a second road available. So many houses, possibly accommodating so many people, will need further planning and study before it could possibly be initiated in the future,.

Thank you for the notification of this proposed land use designation change but it is very short notice in which to generate a reply.

Thank you,  
Joe and Kathi Ciskowski
