Greetings.

We **strongly oppose** Fred Klein's proposed land use change on the Bartel Road Property north of Eastsound.

This 29 acres is valuable forest land that needs preservation. As Orcas becomes more and more "developed" natural forest land is an important element to preserve.

Do not allow this proposed change.

As neighboring land owners, we truly oppose this planned change.

Please do not allow this to ruin this fine forest full of life. It is a natural ecosystem that needs preserving.

Contact me if you have any questions.

Thank you.
