Greetings!

As a neighbor of this property in Orcas Village, I would favor a redesignation to Orcas Village Residential in order to have one single family residence. As requested, this appears feasible with redesignation of the 2 northern acres. The staff recommendation of redesignating 3.59 acres does not clarify whether this still would allow only one additional residence or whether 2 houses could be made, even though it would not meet the 2 acres per house rule. I would oppose adding 2 houses in this space, even in 3.59 acres. If the larger designation is simply to make a single residence more feasible, I would support that.
