I would like to state my opinion on the potential moratorium on Vacation rentals on Lopez Island. I propose that instead of lifting the moratorium we promote these potential vacation rentals as full time housing for local workers and families on Lopez.

So many businesses have had to cut down on opening hours and several of the few restaurants can only continue take out only because of lack of employees. There is a shortage of workers and housing for workers. Lifting the moratorium will only contribute to the problem and only benefit the owners of the houses, but promoting more full time housing will benefit the community as a whole.

Thank you for listening,
Doreen Kana. Lopez resident for 40 years
