Subject: Short term rentals in Lopez

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please do not increase the number of vacation rentals possible on Lopez. We have a housing crisis on the island. People who have lived here for years can't get rentals. Businesses can't get help because there is no where for workers to live. Increasing short term rentals puts stress on the help that those of us living here need and have a hard time getting. Vacation rentals stress our water table.

Lopez can't afford to have more vacation rentals. We are stretched to the limit by the number that we have now.

Thank you,
