RE: MRLO Designation
Addendum to our letter dated July 11,2021

We would like to add this addendum to our initial letter dated regarding an MRLO and additional mining near the residential properties surrounding Egg Lake Quarry.

Enclosed please find a photograph of lots #21 and 23 of the Eagle Crest residential subdivision that have already been impacted by mining done by Egg Lake Quarry. You can easily see in the photos the areas that have been blasted away on these lots.

There have been no reports of violation, nor any action to prevent more encroachment to our subdivision, our safety and the viability of our structures and property.

Thank-you,

Rex and Jaime Ellsworth
