Re: Stop Work Order

Mr. Finn

Our homeowners group has not received any Stop Work Order updates regarding:  
Tax Parcel #: 363250023000

Your last correspondence stated you were waiting for responses and storm water permits and more. Since we have not heard any update to the status of those questions, we assume the Stop Work Order is still in place. We are now once again dealing with dump truck after dump truck load of heavy rock being dumped, with heavy equipment placing it... today on the parcel in question?

What is being done to address the situation here? It appears to all of us, nothing.
