Subject: Support a meaningful cap on vacation rentals

Dear Planning Commissioners,

I am writing to ask that you adopt a cap on the number of vacation rentals by island based on the number that were active and compliant as of December 31, 2020. I support the approach and definitions included in the letter submitted by Toby Cooper on behalf of the Vacation Rental Work Group.

More specifically, I support one final grace period until the end of 2021 for current vacation rental permit holders to gain compliance. That may result in the number of permitted vacation rentals exceeding the cap for a period of time.

Thank you for taking into consideration the cumulative impacts of our collective actions and for carefully crafting your recommendation to the County Council.
