Subject: MRLO weekend violation

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Erika: I am sending you my iPhone photo that captures that Egg Lake Quarry in operation on the **weekend on Sat, Sept 4** at the main 65 Gill Ln location. The video file is too big to send via email even though it is only 17 seconds long. I am happy to come in and play it for you if there is any doubt about the truth of my statement.

The purpose in sending this email is to express opposition to the designation of MRLO status for the Egg Lake Quarry, LLC based on the paragraph below extracted from the Microsoft Word - 2021-07-01_Memo_MRLO_PC_07-16-21.docx document.

This my second email to you and the compplancomments@sanjuanco.com general email regarding weekend operations by Egg Lake Quarry, LLC.

b. The required disclosure statement is as follows:

If your real property is within five hundred (500) feet of real property within an area designated as Mineral Resource

Land you may be subject to inconveniences or discomforts arising from such operations, including but not limited to

noise, tree removal, odors, fumes, dust, smoke, the operation of machinery, and the storage and disposal of aggregate products. One or more of the inconveniences described may occur as a result of extraction and processing

operations which are in conformance with existing laws and regulations. San Juan County has determined that the

use of certain real properties for mineral resource extraction and processing activities is necessary to ensure resource availability in the County. **The County will not consider to be a nuisance those inconveniences or**

discomforts arising from extraction and processing operations, if such operations are consistent with commonly accepted best management practices and comply with local, state, and federal laws.
