CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Please aggressively consider implementing the VR cap with an effective date of when the moratorium went into effect, and not at some future date when the commission finalizes the regulation.

I am on the board of the Lopez Island Historical Society and museum and we are struggling to help find affordable accommodation for our excellent Executive Director. I am sure that virtually every business and organization in SJC has the same problem.

I am also on the SJC Citizens Salary Committee and take the cost of living and housing into consideration when managing the salaries of our elected officials. For all of the reasons you already know you can take a big step in helping the citizens of our county by passing this ordinance.
