Hello Council members,

Honestly I am tired of writing these emails. You have all the information you need and you fight it like the rest of this country; because of pressure from the money makers.

Somebody, somewhere must stop falling for profit over people, over quality of life, over nature, over health, pollution, over traffic congestion... etc etc etc.

Why do we have to fight to preserve our rural island's lifestyle, environment and health? Why is it such a struggle?

There is a way to solve it. Other tourist communities have created bans and other solutions. Do so before its too late.
