Simply put: please put a cap on vacation rentals, at least on Orcas Island, if not in the entire county.

I support a cap on vacation rentals in order to maintain a sense of community. All year long the house next door to us has had temporary renters coming and going, every 2 or 3 days. We used to have actual permanent neighbors, but now we have what is in effect a motel.

How does a community maintain its cohesiveness when the neighborhood is merely a set of temporary rentals? The vacation rentals must be capped.

Please.
