To the San County Council,

I am writing today in support of a cap on short term vacation rentals in the San Juan Islands and on Orcas Island in particular. I am in favor of capping the **active and compliant** permits at the July 2021 level. There are many neighborhoods that are overburdened with too many vacations rentals and this is harming the rural nature and quality of life we enjoy while living in the San Juan Islands. It is past time to regulate them by capping the number of vacation rentals to **active and compliant**.

Thank you for your time,
Mark Mayer
