I strongly support caps and controls of the permits for vacation rentals. We see communities suffer and die with the invasion of tourism. It IS an invasion. I feel the erosion of caring community with just the influx of new residents. Visitors have even less ability to respect our precious community. PLEASE please make the decision for the community who has lived here and nourished connections between people and with our gentle environment. There is no chance to turn back and repair what is spoiled. Make this decision for our children and grandchildren.

Sincerely,
Sheila Metcalf
