I am concerned that several aspects of the factual foundations of the Comprehensive Plan Update are deeply flawed. The Natural Resource Land Designations, based on the Long-Term Commercial Significance Indices, and the Land Capacity Analysis have fundamental flaws which raise questions about the legitimacy of the entire Comprehensive Plan Update process and draft Plan.

I urge the Planning Commissioners to consider and incorporate the specific language amendments proposed by the Friends of the San Juans in their letter dated July 12th prior to passing on your recommended final draft to the County Council.

Thanks for your attention to this critical matter,
