Hello, Planning Commissioners...

Regarding your 8/19 vote on the proposed map/density changes to the Eastsound UGA:

I am a resident of the North Beach community. I received your postcard and proceeded to the link you provided, and with considerable difficulty, found and deciphered the relevant information, which is indeed potentially impactful on our community.

I would ask that, in the future, you ensure that a well-advertised town/community meeting is held prior to the meeting, in order for residents to be educated on such proposed changes and have the opportunity to ask questions. We are just emerging from a time when people have been isolated and distracted, in a neighborhood without a community association, and many lack the ability to read land use maps and density charts without support.

I appreciate all your efforts involved in moving the Comprehensive Plan forward in a thoughtful and careful manner, especially during these challenging times.

Best Regards,
Andrea Cohen
