I have interest in the SJC Land Use Review Request Designation Change for TPN: 261723001000, 261723002000, 261732001000, & 261734001000 by applicant, Orcas Vision Preserve, LLC - aka John Vechy.

Applicant claims to have no interest in building multi family dwellings but has not explained why this new designation is needed. Nor has applicant removed the desire or plan to build multi family units or any other residential units in this area. I am a neighbor and am opposed to development of multi family or any residential units her. I would like the applicant to explain what their actual plan is.

However, I would support this re-designation if applicant signs a binding document that they will not build multi family or additional residential units on their property.
