Subject: EDCA1, Proposed Eastsound Rezoning NW of Mt. Baker & North Beach Road

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

This is to offer my support for the proposed rezoning of the 25 acres NW of Mt Baker & North Beach in Eastsound. This will change the current 1/4 acre zoning to 12u/acre and increase the effective growth capacity of Eastsound by roughly 100 dwelling units. The BOCC has adopted a projected housing growth of 4,180 new DUs over the planning period of which means $4,180/3/2 = 696$ dus for Eastsound and a current capacity of 300. 300 units is far short of the 696 units of capacity needed. The proposed rezoning will help close that gap.
